Five Star Professional partnered with Texas Monthly to identify real estate, mortgage and insurance professionals in the Dallas/Fort Worth region who deliver outstanding service and client satisfaction. The Five Star Professional research team contacted thousands of recent homebuyers, as well as other consumers. Clients may also submit evaluations online. Phone, mail and online respondents rated their service professional on criteria such as overall satisfaction and whether they would recommend the provider to a friend. The research methodology allows no more than 7 percent of professionals in each category to receive the award. This year’s winners are listed and profiled in the following pages (see each award winner’s listing for more details).

Professionals who satisfied each of the following objective criteria were named a 2014 Dallas/Fort Worth Five Star Real Estate Agent, Five Star Mortgage Professional or Five Star Home/Auto Insurance Professional:

1. Received a qualifying client satisfaction rating.
2. Satisfied the applicable state licensing requirements.
3. Actively employed as a licensed professional for a minimum of three years.
4. Favorable regulatory and complaint history review.
5. Satisfied minimum client volume or production on a one-year and three-year basis (number and volume of transactions or number of client households served).

The 2014 Five Star Real Estate Agents, Mortgage Professionals and Home/Auto Insurance Professionals do not pay a fee to be included in the research or the final list.

Each professional is screened against state governing bodies to verify that licenses are current, and no disciplinary actions are pending.

For more information on the Five Star award and the research/selection methodology, go to www.fivestarprofessional.com.

I Have the Key to Your Lifestyle

Top five questions that real estate agents want you to answer:
1. What are your goals?
2. What price range are you comfortable with?
3. Are you pre-qualified?
4. What is your timeframe?
5. If we find the right property, are you prepared to purchase it today?

From research conducted by Five Star Professional, April 2011
Five Star Professional surveyed Dallas/Fort Worth region residents who purchased a home priced at more than $150,000 within a 6-month period (March 2013 to September 2013). The final list of 2014 Dallas/Fort Worth Five Star Real Estate Agents is a select group, representing less than 2 percent of real estate agents in the area. Evaluations were collected by mail, phone and online at www.fivestarprofessional.com/homesurvey.

All award winners are sorted by city and listed alphabetically by last name.

Committed to the DFW Real Estate Profession

Affiliated Bank opened our doors in 1959 as Affiliated Federal Credit Union. We were chartered to be a financial institution that would benefit the Affiliated Food stores, their owners, employees and their families. We began the next step of our journey when the credit union converted to a federal savings bank on June 1, 1998. At that time, our asset size was $8 million. In 2013, our mortgage center moved to a new facility located at 3030 Matlock Road in Arlington and now supports mortgage lenders across Texas and Oklahoma.

We are committed to maintaining the high level of service to which our customers have grown accustomed and continue to promote our “community bank” image by providing a comfortable and friendly environment in which to conduct financial business.

We invite you to stop by and see for yourself what a “friendly community bank” feels like! By the end of your visit you will understand our motto — why bank anywhere else!
